Non-invasive

Covered by Insurance
Medicare and PPOs accepted

Drug-Free Solution for Chronic Skin Conditions

NARROWBAND UVB LIGHT THERAPY

1.

See a patient who may benefit from light therapy.

2.

Refer your patient to us by completing a referral form, or simply handing them this brochure.

3.

We administer light therapy and handle all billing matters.

4.

You receive updates on your patient's light therapy progress.

5.

We encourage your happy patient to see you for regular skin exams and all other dermatology needs.

THE WAY LIGHT THERAPY

SHOULD BE.
